WORK EXPERIENCE

First Line Software
Senior .Net Developer
(April 2021 - Present)

Kin and Carta - About 10 different projects developed for the UK and international clients, such as Pizza Hut and National Football League. *Area of responsibility:*

- Fine-tuning of standard Episerver CMS functionality (e.g. prioritizing search results on the site) and implementation of new features such as a recommendation system based on tags and their order, the scheduled jobs for bulk content generation from RSS feed, etc.
- Presentation of work results to clients
- CI/CD configuring, code reviews

SKB Kontur
Back end developer, Tech lead
(March 2020 - December 2020)

Development of a service for small businesses - **simple ESR (Electronic Sales Registration) cash register**. *Area of responsibility:*

- System design and task delegation
- API development
- Maintenance of technical documentation
- CI/CD configuring

Cleverlance
.Net Developer
(August 2017 - March 2021)

Development of an application for approving corporate credit products. It covers the entire approval workflow: tasks, design and approval of financing, risk analysis, contractual documentation, and loan drawdown. *Area of responsibility:*

- Architectural design based on a functional specification
- A consequential migration to new technologies
- Incident management

Spring systems, s.r.o.
ASP.NET Developer
(October 2015 - July 2017)

Development and support of a **benefit system**. *Area of responsibility:*

- Development of a tree-like task management system with storing the history of changes
- Creating a demo version, prototyping new features

SoftMax
Software Engineer
(January 2013 - January 2014)

Development of a reliable **test management solution**. It includes task management, incident tracking, sprint management *Area of responsibility:*

- Reverse engineering of the data access level of an old project developed in VB6
- Implementation of DAL on .Net
- Development of a data filtering and validation system

EDUCATION

Ural State University
Bachelor Applied Mathematics
(September 2007 - August 2012)
